

MWS-15

MWS-15 MODULAR WEAPON SYSTEM

The MWS-15 is a modular semi-automatic rifle. The weapon is fed with .223 Rem ammunition 5.56 x 45 mm NATO or .300 AAC Blackout. The length of the barrel is 8 to 20 inches. The MWS-15 modern rifle is a 100% modular construction, it is an excellent base for creating ideal configuration that meets the requirements practically for every user.

The MWS-15 rifle from the beginning was being created for special forces and rapid response sub-units, therefore we came up with the approach for acquiring unusually reliable weapon, that can rapidly adapt to any given task and adjust to any caliber – the MWS-15 was designed for shooting, first of all with the .300 BLK ammunition. Besides the rifle is simple and can be easily adjusted to NATO 5.56 mm ammunition when the barrel is replaced.

Zakłady Mechaniczne Tarnów

The MWS-15 Modular Weapon System is just another representative of modular weapon system family manufactured by Zakłady Mechaniczne "Tarnów". The most essential component of this innovative MWS-15 rifle is gas mechanism that is based on movement of a short piston, it guarantees high level of reliability. The MWS-15 rifle is equipped with classic upper and lower manipulators respectively that are positioned on the trigger guard for ambidextrous people. The unique construction makes firing possible even with the unfolded buttstock.

The current ZMT goods are known and appreciated i.e.: ZMT MWS-25 (that is a base commodity) and the ZMT MWS-25 (that is a base commodity) and ZMT MWS-38 (58% of the product consists of the parts from the MWS-25). The initial MWS-15 was created on the same principle – however, in this case we deal with the 74-percent only that the parts transferred from base weapon construction.

MWS-15	Barrel length			
	18"	16"	10,5"	8"
Caliber	5,56x45mm NATO / .300 BLK (7,62x35)			
Weight (without optic devices, bi-pod and magazine) depending on completion)	4,15 kg	3,85 kg	3,6 kg	3,4 kg
Overall length with unfolded buttstock	913 mm	862 mm	722 mm	659 mm
Overall length with folded buttstock	716 mm	665 mm	525 mm	462 mm
Magazine capacity	20 / 30 rounds
